Profile

Software Intern with a strong foundation in web development, eager to build impactful web applications. Equipped with a solid understanding of React.js, JavaScript, HTML, and CSS, with a passion for creating user-friendly and high-performance interfaces. Actively improving skills in front-end technologies and eager to contribute to scalable, user-friendly projects. Able to collaborate effectively in teams and communicate ideas clearly.

Technical Skills

Frontend: JavaScript, React JS, Typescript, Next JS, Python, HTML, CSS, jQuery, AJAX, Tailwind CSS, Rest API.

Backend: C, Java, .Net framework.

Mobile: React Native.

Database: MySQL, RDBMS, MongoDB.

Version Control: GitHub, VS Code, ServiceNow, Power BI.

IT Constructs: OOPS, Functional programming, Data Structures, Algorithms.

Professional Experience

Pro Code Works IT Solutions

Software Intern, 2025

- Assisted in building and maintaining a company page using React and Next.js.
- Ensured a smooth, responsive user interface, implementing best practices for scalability and performance.
- Collaborated closely with a team of developers, designers, and project managers.
- Gained hands-on experience with React hooks, Next.js routing, and server-side rendering (SSR).
- Used Git and GitHub for collaboration, handling pull requests, code reviews, and maintaining code quality.

Portfolio Project

Personal Project, 2025

- Designed and developed a personal portfolio using ReactJS.
- Integrated modern design principles for a clean, user-friendly interface.
- Implemented custom animations and transitions to enhance the user experience.
- Deployed the project online using Netlify.
- Integrated a contact form with backend support.

Projects

Smart Voice Controlled Home Automation (Final Project, 2022)

- Developed an IoT-based home automation system with voice control functionality.
- Implemented speech recognition and command processing.
- Integrated the system with smart devices for remote control and monitoring.

Interests

- Web Development, Software Automation, and Emerging Technologies.
- Reading Tech Blogs and acquiring new information.
- Watching tech videos and tutorials on platforms like YouTube and Udemy.

Certifications

- Full Stack Java Certification – JQ Spiders (2022-2023)
- Power BI Workshop – Skill Nation (2024)
- React Bootcamp – Lets Upgrade (2025)

Education

Electronics and Communication Engineering – 6.40 CGPA

Sri Indu College of Engineering and Technology (2018 – 2022), Hyderabad, India

Intermediate – 8.20 CGPA

Balapur Chaitanya Jr College (2018), Hyderabad, India
